

Sun Precast Company wins National Awards

October 7, 2009

BEAVER SPRINGS, Pa - Sun Precast Company Inc., headquartered in Beaver Springs, was the recipient of three national design awards at the Cast Stone Institute annual convention, held October 1 – 3, in Savannah, GA. The national awards recognize excellence in the manufacturing and design of Cast Stone projects. Sun Precast received awards in the [Residential](#), [Hardscape](#), and [Restoration](#) categories. "Seeing our employees recognized for their tremendous dedication and hard work, is very satisfying, and is a testament to the skilled craftsmanship that is evident in our area," President Joseph Schmadel said. "Throughout the past 31 years, our company philosophy is to provide the highest quality products to our customers, and these awards are a result of that ongoing commitment." Sun Precast is a 100% employee-owned company that specializes in the manufacturing of Cast Stone and Architectural Precast, and services the commercial, residential, institutional, and restoration markets throughout the eastern United States. Sun Precast can be reached at 570-658-8000 or at www.sunprecast.com.
